### AutoLib – Library Management Software

NPRCET Library is a great boon for faculty, researchers, scholars and students of the Institution.

- In our library, all the activities are fully automated by the **AUTOLIB** software including **OPAC (On-Line Public Access Catalogue)** and Barcode Scanner for circulation.
- AutoLib - is completely a web based Library Management Software (LMS), designed and developed and promoted by AutoLib Software Systems, Chennai using latest JAVA Technologies. It can handle lakhs of records more efficiently.
- AutoLib has many integrated modules to take care all the technical, in-house activities and also provide various services such as cataloging module - to create databases for various types of documents and also users, Circulation Management System - to monitor all the transactions in a library such as issue, return, renewal, reservation, etc., Serial Control module - to maintain periodical subscription and management, Acquisition module - to procure various resources, Report Management System to generate various reports and statistics. Besides these, many additional modules are also available to handle all other activities. The
- Admin module allows to set-up various parameters for library policies; rules and regulation related to transactions and other access facilities. Email, SMS integration facility is also available to alert users giving information about overdue of the documents borrowed by them and also other transaction details.

### **WEB OPAC -(<http://210.212.253.226/AutoLib/>)**

Access Web OPAC (within the NPR campus and outside provides the following)

- **Simple search**
- **Advanced search**
- **Location search**
- **E-Resource search**
- **E-Book search**
- **New Arrivals search**
- **Online reservation**
- **Status of the Books**
- **Online suggestion**

## **Remote Access - Off Campus 24/7 (<https://idp.nprcet.org>)**

- The College Library subscribes the electronic resources through e-ShodhSindhu as well as from the publishers. The off-campus access service is provided to the faculty members to seamlessly access the subscribed scholarly electronic resources from outside the college campus. Username and password have been provided to all the faculty members and students to access the resources 24/7 through identity providers.

## **Installing the Mobile OPAC (Access Mobile OPAC from outside campus)**

- Go to Google play store on an Android phone ([Search for NPR Group of Institutions Unique Creations Software](#)).
- Install the app on your mobile and use the above same credentials
- OPAC can be used for checking our transactions such as total books issued, returns, and due dates, and for knowing other details.
