SC/ST Cell

Scheduled Castes (SC) and Scheduled Tribes (ST) has been identified as the two most backward groups of Indian Society. They include all the castes, races or tribes, which have been socially, economically and educationally backward. The cell has been established to support and to bring students from such communities in the mainstream.

The SC/ST cell of NPR College of Engineering was established in 2015 with the purpose to empower the SC/ST students in the college. The college takes a special interest in facilitating financial support to students belonging to these communities from government agencies and other sources. They are also encouraged to enroll for career orientation programs, which would equip them with the necessary skills to choose a career option..

Activities

1. To collect reports and information of State Govt. and UGC orders on various aspects of education, employment of SC/ST Students.
2. To circulate State Govt. and UGC decisions about different scholarship programs.
3. To communicate with the students and motivate them for better future planning.
4. To counsel and guide SC/ ST students and help them to manage academic and personal issues of college life effectively.
5. To ensure provisions of an environment where all such students feel safe and secure.
6. To provide prompt counseling for any emotional emergencies arising on account of any event at the campus.
7. To provide the mechanism to redress the grievance of SC/ST students, if any
8. To ensure protection and reservation as provided in the constitution of India.
9. To arrange for special opportunities to enhance the carrier growth
10. To aware the SC/ST students regarding various scholarships program of State Govt. and UGC.

Name of the Guest	Mrs. SaranyaSundaraPandian

Report :

The guest opened the webinar, briefly outlining the crucial role of women entrepreneurship to promote inclusive economies in the post-pandemic recovery. Over the past decade, the number of women entrepreneurs has increased steadily within ASEAN. According to the Global Entrepreneurship Monitor 2018, more than 60 million women across ASEAN operate businesses, the majority of which are SMEs. Digitalization has been a major enabling factor, empowering many women to start small businesses from their own homes.
