Name of the Resource Person	Er. Samuelsivakumar, Technical Manager, V Lands group, Puducherry

Other Streams

Transportation Engineer

Design and maintain roadways and public transportation systems.

- Highways- Design, Laying, curves,
- Railways
- Airports
- bridges

Traffic flow patterns, alleviate traffic congestion and prevent vehicle accidents

Geo Technical Engineer

- Soil and rock
- underground water
- Slopes Deep Excavations
- Foundations
- Foundation design, slope stabilization and soil mechanics
- Land slides Soil erosion

Environmental Engineer

- Irrigation
- Wastewater and Fresh water
- Solid waste management

Live Presentation to the Students by the Resource Person on 28.12.2020

OUTCOME

Students can be able to identify the different domains in civil engineering and the job opportunities in various public and private sectors.

Name of the Resource Person	Dr. P. Arjun, IIC- Innovation Ambassador, AP/CSE, University College of Engineering, Villupuram.

The screenshot shows a Google Meet interface. On the left, a presentation slide titled "Who is an Entrepreneur?" is displayed. The slide contains the following text:

An entrepreneur is an individual that looks for business opportunities and creates ways to make those businesses become **profitable**. Entrepreneurs often invest **without the major responsibilities** of running the companies as they **focus more on earning money** from them. Entrepreneurs try hard to create a viable business, not one that has a vague hope of succeeding. There are entrepreneurs all over the world. Even in poor areas of the world, people are entrepreneurs as they sell or trade goods to survive.

The slide also features a diagram with the word "Entrepreneur" at the top, branching into three categories: "Person", "Process", and "Outcome".

On the right side of the screenshot, a grid of participants is visible. The participants shown are: Arjun CSE (the presenter), sathyamoorthi s, Sab Sparkler, Cirpa A, Siva Kumar, Hariharan EEE, 701_vignashwaran R, 41 others, and You.
