About Induction Programme

NPR College of Engineering & Technology conducted an Induction Programme, a unique fusion of specially engineered academic and non-academic activities, to nurture, mould and enrich the knowledge of engineering entrants in the days to come. Induction programme for first year students of 2021-2025 batch was initiated to guide them in the right path and to make them aware of career scopes in engineering fields. One week induction programme (from 25.10.2021 to 16.11.2021) was conducted with lot of pep and enthusiasm and the students were oriented in various topics by a team of experts. In total, 225 participants from Civil, Computer Science, Electronics, Electrical and Mechanical engineering participated in the induction programme. They were provided with insights regarding career opportunities waiting for them. They were enlightened in various domains of engineering stream.

The organizers of the Induction programme brought experts from leading industries and esteemed institutions to interact with the fresher and brief them regarding several aspects of engineering field.

Rationale

Plus two graduates of contemporary era exhibit blind craze in pursuing a shining career in the field of engineering, where aspirants embark on their academic journey without determining their interests and goals. This inclination turns into a major roadblock in their academic journey and attainment of goal for engineering students. Besides, the adjustment in a new milieu, peer pressure, hostel life, expectations of parents and their close supervision, monitoring of teachers, competition, increasing workload and responsibilities and above all individual aspirations shake the spirit of students. Consequently, an ample number of promising students suffer from deterioration in their academic performance. To aid the students overcome this despicable entity is the need of the time and, indeed, a mammoth challenge for the academic institutions. Accentuating the remedy to the entity, AICTE introduced Induction Programme and announced it mandatory for all colleges. NPR's Induction Programme is an attempt to meet the directives and standards set by the AICTE in A Guide to Induction Programme.

Considering the long span of academic hibernation after completion of higher secondary exams, induction programme proved itself a fruitful educational ambition of rejuvenating the spirit of entrants and redirecting them to educational goals. The interaction with the induction programme equipped entrants not only with the aim to boost their educational pursuits but also with the work-culture, industrial exposure, social experiences, and various institutional activities. The present induction programme aptly supported students in rationalizing their choice of study, developing bonding with peers and comforting the new academic environment, exploring their academic interest, determining goals, pursuit for excellence, imbibing a broader view of life and building character.

Objectives of Induction Programme

The objectives are as follows:

- 1) To help the engineering entrants adjust and feel comfortable in the new academic environment.
- 2) To furnish them with an ease of transition to mainstream engineering studies through the introduction of ethos and culture of the institution
- 3) To help entrants build progressive and emotional bonds with peers and faculty members to explore oneself and comprehend the larger purpose
- 4) To inculcate the virtues of health and hygiene and help students realize the power of inner strength
- 5) To revise and reform the seminal concepts to fill the lacuna and sensitize them towards exploring their academic interest and goals for excellence in academics
- 6) To develop awareness, sensitivity, and understanding of the self, people around them, society at large, and nature
- 7) To promote holistic development through the exposure of wide gamut of curricular, co-curricular and extracurricular activities.

Day wise Report 25th October 2021 (Day – 1)

Principal Address

On 25.10.2021, freshers' were directed to assemble at AC Auditorium 11.00 a.m. where Dr. J.Sundararajan, Principal, NPR College of Engineering & Technology inaugurated the Induction Programme in the presence of all Heads of the departments. The program commenced with 'Thamizh Thai Vazhthu'. Welcome address was presented by Mrs. A.Rubini, Assistant Professor of English / Department of Science & Humanities.

The Principal welcomed and enlightened the entrants with the history of institution and its academic excellence and conceptualization of various activities. He highlighted on the importance of transcending the knowledge of engineering for the betterment of the society and appealed to the entrants to utilize the resources of the college for academic enhancement. Moreover, he played a video on the concept 'Nothing is impossible' to trigger their minds. The inauguration function came to an end with vote of thanks proposed by Dr. A.Kanimozhi, Associate Professor of Maths/ Department of Science and Humanities.

In the second half of the day, entrants were taken for campus tour by 01.30 p.m. so as to make them get familiarized to library, canteen, workshops, various central facilities and infrastructure available at the Institute which was organized by respective departments. Entrants were well informed about the difference between academic culture in college and study culture in school. They were made to understand the importance of following etiquettes, sense of grooming and professional ethics during their course of study. Campus tour played an important role in making the fresher's acquire firsthand experience regarding institution's character, intellectual stature, vibrancy, infrastructure, and amenities. Department representatives enthusiastically attended the academic curiosity of entrants during the campus visit. The day closed at 03.30 p.m. with a sense of satisfaction from both the sides.

26th October 2021 (Day 2)

On the second day of the Induction programme, a session entitled, “Role of Physics for budding engineers” was held at AC Auditorium of NPRPC around 11.30 a.m.

The session commenced with the Prayer song. Welcome address was presented by a Ms. P.Archana of second year ECE and the chief guest was honored by M.Anandaraj second year CSE.

Dr. R.Kannan Ph.D, Professor & Head of Physics Department and zonal coordinator of University College of Engineering, Dindigul enriched the students with the wider knowledge in Physics. He enlightened the students with the necessity of learning engineering and emphasized on the role of Physics in engineering. He also concentrated on various forms of applications of Physics in Engineering. To instigate the students, he talked about the future scope of Engineering in terms of Physics. Finally, he gave a clear picture about the revised syllabus of Physics 2021 regulation of Anna University.

All first-year students along with the faculty members participated in the programme.

Honoring the Chief Guest

Afternoon Session

In the afternoon at 1.30 p.m. at AC Auditorium, Mr.K.N.Jothi Venkatesh, Placement officer of NPRCET, stressed on the role of engineering in creating infra structural comforts. He also stated that students might have opted their courses either by choice or by chance, yet they must glorify their profession through determination and hard work. He sensitized the students on the role played by placement cell in making the students ready for placement. He also sensitized the students on certain qualities that would help the students in getting placed in prestigious companies. Thereby, he enlightened the role of placement at NPRCET in enhancing the life of students. Towards the closure, he congratulated the students for pursuing education at NPR College of Engineering & Technology.

Role of engineering in creating infra structural comforts

Following which, another session titled Introducing the Department was held at the same venue from 3.00 to 3.30 p.m. Prof. Dr. A. Gopisaminathan, Head / Department of Electronics and Communication Engineering of NPRCET gave a clear picture about ECE course. He shared the uniqueness of the department at NPRCET. Also, emphasized the role of ECE in today's world. The faculty gave details regarding the course, internships and laboratories. Towards the end, he extended his warm welcome to all the new students once again, and a special welcome to those who enrolled in ECE. He also mentioned that NPR is making its sincere efforts in creating not only good professionals, but also good human beings through its educational strategy.

About the Department of ECE by Dr.A.Gopi Saminathan

27th October 2021 (Day 3)

Morning Session

The third day of the induction programme as usual commenced at AC Auditorium around 11.00 a.m. with the prayer song.

Mr.K.Yogunath, Head /Science and Humanities gave a detailed talk on the role of Science and Humanities in the field of Engineering. He also stressed on the importance of induction programme for the students. Moreover, he gave a clear picture about the department of Science & Humanities which takes overall control over first year students in all aspects. He also explained the uniqueness of the department at NPRCET. He instigated the students not only to give a keen attention to studies, but also to take part enthusiastically in various extra-curricular activities which the institution provides. He inculcated the idea of developing themselves by making use of all opportunities and equipping themselves in various aspects. At the very closure of the session, he welcomed the students once again and said that he as well as the faculties of the department /Science & Humanities are making sincere efforts in creating a peaceful, fear free and anti-ragging environment in the institute.

Following which, Dr.S.Paul Singarayar, Head / Mechanical Engineering department welcomed the N.Arikanan, I year Mechanical Engineering. He talked about Mechanical Engineering. He made the students become aware of the laboratories, workshops, courses and asked students to feel proud of pursuing their education at NPR. He also asked the students to clear their doubts then and there. At the end, he advised the students to score well and get placed in prestigious companies.

Right after the lunch break at 01.30 p.m., students assembled in the same venue of AC Auditorium of NPRPC. Mr.U.Vijayanarayanan Assistant Professor of Mathematics and Prof. Dr.C.Balamurugan of Chemistry/ Science and Humanities both made elaborate discussion regarding Anna University Website and Web portal as well as cleared the doubts of students regarding the topic.

Following the session, Mr. Sathya Moorthy, Physical Director, NPRCET welcomed the first year students and gave them a very good lecture on sports. He motivated the students to participate in all sports events. He also encouraged the students by stating that they have opportunities to meet great players since many of them visit the institution. The session got closed at 3.30 p.m.

28th October 2021 (Day 4)

Morning Session

On the fourth day of the Induction Programme, entrants assembled at the AC Auditorium at 11.00 a.m. The day commenced with the prayer song. Later, faculties cum club incharges of the various clubs addressed the entrants and sensitized them. Moreover, by introducing clubs to students, faculties encourage the students to join in clubs of their choice for their betterment in all aspects. The session went on well and stimulated the students to join in clubs as per their interest and ended at 12.30 p.m.

Afternoon Session

After the lunch break, the students assembled at the same venue. The session entitled, "Engineering Mathematics in Real Life Applications" commenced at 1.30 p.m. Dr. R. Muthuraj Ph.D., Professor of Mathematics at H.H.The Rajah's college, Pudukkottai was the resource person. He created a new angle in learning mathematics and explained it to the students in a very simple way. He also explained how to easily understand mathematics through several videos which interested the students. The way he handed mathematics, impressed all the students and built confidence in cracking the subject with higher scores. Very specifically, his elaboration of Fibonacci series with eye-catching videos and examples from nature made the students gain good knowledge on the topic and inspired them. The session closed in an inspirational manner.

1st November 2021 (Day 5)

Morning Session

Fifth day of the induction programme commenced with the prayer song at 11.00 a.m. in the AC Auditorium. Mr.G.Elangovan, Head / Department of CSE, extended his warm welcome to all the entrants and congratulated them for being the new members of the family. Then, he started explaining about Department of Computer Science and Engineering of NPRCET. He illustrated the role played by Computer Science in the field of engineering. He gave vital tips for the students to score better in their examinations. He explained how to study and what to study as far as CSE is concerned. He also motivated the students to enjoy learning. By quoting various proverbs and 'Thirukkural', he developed self confidence in their minds. The session ended at 11:30 a.m.

Alumni Interaction by Ms. L.Hemavathi

Later on, the freshers' were made to interact with the alumni to get a positive opinion about the institution since former students bear ample testimony to the quality of the institution. To grace the occasion, Ms.L.Hemavathi Associate, eNoah iSolutions, Chennai was invited. The session commenced with the prayer song. She shared her experience in the institution to her juniors. Also, the former student gave certain important tips to concentrate much better from placement point of view. She asked the students to take note of certain websites which could help them learn better. Therby, she ended the session at 12:30 p.m. by interacting with the students. She advised them to make use of the institution very well during their stay in the campus.

At 1:30 p.m. after the lunch break at AC Auditorium, the entrants were engaged by another notable alumna named Mr.A.Krishna Kumar, A.K.Constructions, Dindigul. The alumna was honored with a shawl. Mr.A.Krishna Kumar shared his experience in the institution. He interacted with the students and clarified their doubts regarding the institution and the courses. He also explained them about various extra curricular activities and encouraged them to take part in all the activities without hesitation. The session went on well with the active participation of the students up to 2:30 p.m.

Letter part of the day

After the alumni interaction session, Mr.P.T.J.K.Lilian, Assistant Professor / MBA started talking about Business Club. He explained about the benefits of learning business tricks and the way to survive in business fields. He then added, the tactics to be followed in business which could be learnt through the club, efficiently. Also, he cleared the doubts of students then and there regarding his explanation. Towards the closure, he encouraged the students to join the club and closed the session.

Following Mr. P.T.J.K.Lilian, Assistant Professor of MBA, a wider knowledge about NSS was given by Mr.G.Sundararajan, Assistant Professor/ Mechanical Department. He gave valuable tips regarding NSS. He also made the students become aware of the activities that were carried out and the activities to be carried out in NSS. All the participants were pretty impressed by his session.

2nd November 2021 (Day 6)

Morning Session

Alumni Interaction by Mr.K.B.Seshan

The sixth day of the induction programme was held at AC Auditorium. The Alumni Interaction commenced with a prayer song, as usual. The alumni, Mr.K.B. Seshan, Developer/ Core stack, Chennai was invited. Welcome address was presented by Mrs. A.Rubini, Assistant Professor of English of Science & Humanities department. The guest was honoured with a shawl. Mr. K.B.Seshan interacted with the entrants and shared his experience in the institution. He talked on how far the institution helped him in growing himself in all aspects. He gave certain key notes on specific topics in Engineering not only to score better marks but also to shine and sustain in future at working places. Mr. Seshan shared his personal experience about interview and in what aspect, he interviews the candidates at his working place.

Moreover, the alumni talked about various companies, their uniqueness, expectation and salary packages. He also enlightened the entrants by giving them a wider knowledge regarding the courses, their values and application in the job. The entrants were not only inspired by the informative session of Mr.Seshan, but they also enjoyed the session with their active participation.

At the closure, the alumni shared his contact number and motivated them to clarify the doubts and approach him for any help, if required. With such an useful note, the session closed at 12.30 p.m.

At 1.30 p.m. the students were engaged by Dr. S.Rajkumar, Associate Professor / Chemistry, NPRCET. The entrants were given a detailed lecture on Research & Development. The Professor gave vital tips based on his research. He also suggested in easy learning of Chemistry. He then motivated the students to learn and make use of the period of learning with an involvement.

16th November 2021 (Day 7)

Morning Session

About the Department of Civil by Dr. A.HemaLatha

On the seventh day of the induction programme at AC Auditorium, the session for introducing the department was done by Dr. A.HemaLatha, Head of the Department of Civil Engineering. The session commenced as usual with the prayer song. Welcome address was presented by Mrs. A.Rubini, Assistant Professor of English/Science & Humanities Department. Dr.A.Hemalatha gave a detailed speech on the scope of Civil Engineering. She then continued by elaborating about the special equipment of the laboratory. She also motivated the students by giving them positive thoughts and confidence to shine in life. The session ended at 12.30 p.m.

Afternoon Session

Right after the lunch break, at 1.30 p.m. Mr.S.Sathyamoorthy, Head of the Department of EEE engaged the session by giving students not only an outline about the department and its role at NPRCET, but also shared many valuable points with the entrants from employment perspective. Moreover, he gave an illustration on various international and national companies, their uniqueness and marketing. He also ended the session at 3.00 p.m. by enlightening the entrants to equip themselves with the support of faculties and the institution.

Afterwards, "Fun Games" session was conducted by Mrs.A.Rubini, Assistant Professor of English /Science & Humanities Department. The faculty engaged the session with fun games and information. As the faculty belonged to the English branch, she spelled various words and asked the students to come up with their right pronunciation. Right from simple words to toughest words in English, the faculty member enriched the students in knowledge about accent and pronunciation. The students whoever mispronounced were given some funny tasks to undergo. Thereby, the session was funny and informative. Students burst out in laughter and enjoyed the session thoroughly. With utmost enjoyment, the session closed at 3.30 p.m.

Soft Skills Training Program

Summary

NPR College of Engineering & Technology conducted soft skills training program from 14.03.2022 to 17.03.2022 and 28.03.2022 to 02.04.2022. The trainers from Apt Trainers from Apt Training Resources have handled the classes.

NPR College of Engineering & Technology arranged the Placement Training Programme, a unique fusion of specially engineered academic activities, to nurture, mold and fortify engineering entrants for the days to come. Placement Training Programme for the second-year students of 2020-2024 batch commenced with an intention of enriching the knowledge of students, to guide them in a right path and to make them aware of the better scope in the field of Speed^{SP+CE} Mathematics, Communication, Presentation & Soft Skills Domain. In total, 226 entrants from Civil, Mechanical, Computer Science, Electrical and Electronics, Electronics and Communication branches of Engineering participated enthusiastically and obtained benefit from the programme. They were provided the cursory view of various dimensions of Quants & Writing, Reasoning, Verbal & Soft-Skills, SWOT Analysis, Resume Writing Grooming, Body Language, confidence Building, Interview FAQ's, Mock Interviews, Group Discussion, Speed-Mathematics, Communication, Presentation & Soft Skills Domain. They were enlightened about the prospective scope of the arena that they had opted for their success.

The College committee for Placement Training programme invited the expert Mr. Aravind Srinivasan, Director, APT Training Resources Chennai Private Limited, GST Road, Pallavaram, Chennai - 600 043, to interact with the entrants and brief the learners with their expertise in various fields of Speed-Mathematics, Communication, Presentation & Soft Skills Domain.

Students asked their doubts during the classes and the trainers clarified.

Chief Guest Profile

A gold medalist from Anna University forays into education and later becoming one of the most sought-after person in this sector. Over 18 years, he has given over 7000 programmes in prestigious schools, colleges and universities across the globe. He has also been invited into many leading organizations for career guidance programmes. Till date, he has counselled more than 1.5 million students face to face. His key domains are Career Guidance and Placement Training sessions, seminars on upcoming technologies and detailed analysis of board and entrance examinations.

In addition to the above, Mr. JayaPrakash Gandhi is the key person and reason for introducing much life changing education reforms like streamlining of medical admissions, entrance exams for professional courses, advice to the higher education department both in the state and national levels. Owing to which, he has been continuously featured across leading media channels such as T.V, Radio and Print for his inputs. As he is the only person to do a complete data analysis of various examinations, question papers and admission processes; millions of students have been benefitted and have taken life altering career decisions.

Keeping this in mind, Mr. J.P Gandhi has introduced India is first on demand career guidance mobile application called as Career Guidance JP Gandhi in Google playstore. It is the number one app in career guidance. He is also the director of Lotus Matriculation School and the correspondent of Ooty Mcgan School of Architecture. Finally, he has been bestowed on many awards such as the prestigious Independence Day award from Government of Tamil Nadu, Kamal Partra award from Jaycees, Vocational Excellence award from Rotary Club, Pinnacle Of Education award etc.

REPORT OF WEBINAR

Name of the Program : Webinar on “Entrepreneurship and Innovation as Career Opportunity”

Date & Time : 22-02-2022 & 10.30 a.m.

Resource Person : Mr. M. Srinivasan,
Product Analyst, Trading & Recruiter,
Chella Software Pvt. Ltd., Madurai.

No. of Participants attended : 145

Mr. S. Shaarif Ahamed, III year, Mechanical Engineering delivered the welcome address.

Dr. J. Sundararajan, Principal of NPR College of Engineering & Technology delivered the felicitation address. He explained the importance of entrepreneurship for the current situation.

Mr. M. Srinivasan, Product Analyst, Trading & Recruiter, Chella Software Pvt. Ltd., Madurai. Explained about how one can become an Entrepreneur and what is the procedure to imitate Entrepreneurship and how can we get fund or loan from government or private sector.

He briefed about the Entrepreneurship Skills required worldwide & the Role of entrepreneur to attain success.

Mr. M. Velpackiyaraj, III year, Mechanical Engineering department delivered the vote of thanks.

Later certificate were distributed to the participants through mail.

TANCET M.E./M.Tech SYLLABUS

Part I - Engineering Mathematics

Topic	Sub-Topics	Duration
Calculus and Differential Equations	Partial Derivatives, Jacobians, Taylor's Expansion, Maxima Minima, Formation of partial differential equations, Solution of a first-order partial differential equation, solution of linear higher order of partial differential equation with constant coefficients, Linear ordinary differential equations with constant coefficients, Simultaneous first order linear equations with constant coefficients,	2
Transforms	Fourier Integral Theorem, Fourier Transform Pair, Sine and Cosine Transforms, Inverse Z Transform, Solution to different equations using Z Transform, Inverse Transform, Laplace Transform, Application to solution of Linear Ordinary Differential Equations with Constant Coefficients,	2
Functions of Complex Variables and Complex Integration	Analytic Functions, Conformal Mapping, Bilinear Transformation, Cauchy's Integral Theorem and Integral Formula, Taylor and Laurent Series, Singularities, Residues, Residue Theorem & its Applications	2
Applied Probability	Probability and Random Variables, Standard Discrete & Continuous Distribution, Moments, Moment generating functions and their properties, Two-dimensional random variables, Co-variance, Correlation, and Regression.	2
Determinants and Matrices	Solving system of equations, Rank of Matrix, Eigen values & Eigenvectors, Reduction of Quadratic form into Canonical form	2
Vector Calculus	Double and Triple integrations and their applications, Gauss Divergence and Stroke's Theorem	2
Numerical Methods	Solution of linear systems by direct and iterative methods, Interpolation and Approximation, Numerical Differentiation and Integration, Solving Ordinary Differential Equations	2

Part II – Basic Engineering and Sciences

Topic	Sub-Topics	Duration
Physics	Sound, Lattices, Ultrasonic Flaw Detector, X-ray radiography, Interference Fringes, Planck's Quantum Theory, Laser and Fibre Optics	1
Chemistry	Adsorption, Chromatography, Chemical Kinetics, Electrochemistry, Spectroscopy, Fuels and Combustion.	1
Applied Mechanics	Law of Mechanics, Lamé's Theorem, Forces, Moments & Couples, Displacement Velocity & Acceleration, Friction, Moment of Inertia	2
Material Science	Conductor & Semi-Conductor materials, Ceramic & Super Conductor Materials, Fracture, Magnetic & Dielectric Materials	1
Mechanical Engineering	Law of Thermodynamics, Open & Closed Systems, Equation of State, Heat and Work	2
Civil Engineering	Fluid Statics & Dynamics, Boundary Layer, Pumps & Turbines, Environmental Pollution	1
Electrical Engineering	Ohm's Law, Kirchoff's Law, AC Circuits, DC Machines, Transformers, Synchronous Machines, Instrumentation	1
Computers	Computer Organization, Architecture, Arrays, Pointers, User Defined Functions, C-program	1

Summary

Workshop on Master Grammar: Boost Your Proof Reading Skills

Venue : NPRCET Seminar Hall
 Participants : All first year and final year Engineering students
 Resource Person : Dr.R.Ragupathy, Assistant Professor in English,
 Vivekanandha College of Arts and Sciences for Women, Thiruchengode.
 No. of Participants : 347

NPR College of Engineering & Technology, Natham organized a Workshop on Master Grammar: Boost Your Proof Reading Skills for the benefit of first year and final year engineering students on 8th November 2021.

Ms. N.Fahmita Sirin, I Year CSE delivered the welcome address.

Dr. J.Sundararajan, Principal felicitated the gathering.

Mr. M.Muthu Vignesh, IV Year ECE honored the Chief Guest.

Dr.R.Ragupathy highlighted on the importance of proof reading and how it had a pivotal role to play in writing scientific articles and reports. He added that each student has to learn to write English without any syntax and semantic errors. Writing English with mistakes will create a very negative impression about the students and they will have to be very careful in creating their CVs.

It apart, he gave them orientation in writing simple structures in English and how to learn writing super structures from simple ones. In addition, he taught the participants why we have problems in understanding English whenever we listen to foreign speakers.

He also stated that each of them has to spend at least forty five minutes every day on listening to good English and emphasized on good English dinning into their ears on day to day basis. It apart, it is imperative on their part to read good English so as to improve their writing skills. Regular listening will aid them in speaking. Likewise, regular reading will help them in writing.

Mr. M.Deena Karthick, IV year EEE student delivered the vote of thanks and later on the function got closed with the National Anthem.

Summary

Workshop on 'Techniques for Attaining Speech Competency in English Language'

Venue : NPRCET Seminar Hall
Participants : All Second and third year Students
Resource Person : Dr.R.Ananth Babu, Dean/English,
Vivekanandha College of Arts and Sciences for Women, Thiruchengode.
No. of Participants : 398

NPR College of Engineering & Technology, Natham organized a workshop for all second year and third year students from 10.00 a.m. to 4.00 p.m. on 26th August 2021.

Ms. M.Shajitha Begum of III Year CSE delivered the welcome address.

Dr. J.Sundararajan, Principal felicitated the gathering.

Mr. Aakash of II Year ECE honored the Chief Guest.

In the programme, the Resource Person delved deep into the five kinds of English prevailing in the world and how they are distinct and different from each other in terms of accent, rhythm and pronunciation. He highlighted on the importance of an individual's thought and delivery getting synchronized while speaking English like the way it gets synchronized while speaking Tamil.

He touched up on how English came into existence and talked about the social history of England. Later on, he made the participants practice constructing and articulating sentences using verbs such as: like, eat, read, ride watch...etc.

In continuation of workshop, he gave practice in the usage of 'do' and 'does' and with, he made the participants construct sentences in English using Wh. starters. Although, he did not teach grammar in an explicit manner, he made the students learn grammar in an implicit manner.

Well before the valedictory function, some students gave their feedback regarding the workshop stating how much it has helped them in acquiring confidence in English speaking.

Mr. A.Govinthavasan of II Year EEE student delivered the vote of thanks and the function came to an end with National Anthem.

PROGRAM SUMMARY REPORT

The Department of Electronics & Communication Engineering organized an online workshop on ‘Influence of Artificial Intelligence in business and its opportunities’. The workshop was inaugurated at 12.30 p.m. on 05.03.2022 through Google Meet. Dr.J.Sundararajan, Principal, Dr.S.Ponmalar, Head of the Department of Electronics & Communication Engineering and the Chief guest Mr.Shanthababu Pandian, Project manager, AI&ML, Architect, Cognizant Technology Solutions, London, UK graced the inaugural session.

Mr.M.Balaji of III year ECE delivered the welcome address. Dr.J.Sundararajan, Principal, during his felicitation address, explained the importance of Artificial Intelligence and Machine Learning in the current technology developments. Mrs.C.Kannika Parameshwari, Assistant Professor of ECE department introduced the Chief Guest. Then, the session was handed over to the Chief Guest Mr. Shanthababu Pandian.

During this technical session, he explained about the Artificial Intelligence, Machine Learning, Deep Learning, data source for data science, big data, etc. for real time applications.95 participants attended this workshop. The feedback was received through Google form.

Ms.S.Mahavarshini of II year ECE proposed the vote of thanks. Later E-Certificates were sent to the participants.

Summary Report

Summary Report – One day workshop on ‘Advances in Materials and Manufacturing’

Mechanical Engineering department of NPR College of Engineering & Technology (NPRCET), Natham organized one day Workshop on ‘Advances in Materials and Manufacturing’ on 07.04.2022(Thursday) in the rear block seminar Hall. 102 students of I, II and IV year mechanical engineering classes attended the workshop.

The inauguration of the workshop was started, followed by the prayer song, at 10.30 a.m. by the Chief guest and resource person Dr.P.Sathiya, Professor – Department of Production Engineering, National Institute of Technology, Trichy along with the Principal of NPRCET Dr. J. Sundararajan and Head of the Department of Mechanical Engineering Dr. S. Paul Singarayar.

Mr. M. Velpackiaraj of III year Mechanical student welcomed the gathering peoples on and off the dias. Dr. J. Sundararajan, Principal felicitated the programme. During his address, he explained the importance of materials in the technological development and quoted examples for that. He elaborated the significance of advanced materials in reducing the size of the components with improved performance.

After Principal's address, Ms. K. Shobana of III year mechanical engineering introduced the chief guest. Later, Chief guest Dr. P. Sathiya was honored by our II year student Mr. N. Tamilarasan. During the workshop, he motivated the students to work hard and emphasized the importance of subject knowledge in the engineering industries. He described about the recent advancements in the field of materials and their usage in various applications. He explained the advancement in manufacturing processes, machineries and tools made based on the development in materials. He gave information about smart materials and its possible applications. He elucidated the advancements in the field of Nano technology and its advancements in various fields. After that, he interacted with the students and clarified their doubts. At the end of the session, the students gave a positive feedback about the programme.

Finally, Mr. V. Abinash of final year mechanical engineering delivered the vote of thanks. Then the programme came to an end with National Anthem.

Online Webinar on "Innovation and Problem Solving Skills"-Summary Report

Department of Computer Science and Engineering Organized **Online Webinar on "Innovation and Problem Solving Skills"** on 25.02.2022. The programme was conducted in the online Google meet Platform.

Ms. Dharshanapriya K, II year, Computer Science and Engineering delivered the welcome address.

Dr. J. Sundararajan, Principal of NPR College of Engineering & Technology delivered the Felicitation Address. He explained the importance of this webinar and explained about the innovation technologies.

Mr. Anandakumar A, III year, Computer Science and Engineering introduced the chief guest.

Dr. Karthiya Banu, Founder & CEO, Inspire Softech Solutions, presides over the function. She explained about various the innovation and problem solving skills with creative strategies. She also gave some design thinking ideas to improve the students' skills. She discussed about the various problem solving tools that can be applied in the real time scenarios.

Mr. Hari Vignesh K, II year, Computer Science and Engineering delivered the vote of thanks.

COMPENSATION AND BENEFITS

BASIC SALARY

You will be eligible for a basic salary of ₹14,784/- per month.

BOUQUET OF BENEFITS (BoB)

Bouquet of Benefits offers you the flexibility to design this part of your compensation within the defined framework, twice in a financial year. All the components will be disbursed on a monthly basis.

The components under Bouquet of Benefits are listed below. The amounts given here for each of the components below are as per pre-defined structure. However you may want to re-distribute the BoB amount between the components as per your tax plan, once you join TCSL. To design your Bouquet of Benefits, you may access the link to BoB in the "Employee Self Service" link on "Ultimatix", the internal portal of TCSL. Taxation will be governed by the Income Tax rules. TCSL will be deducting tax at source as per income tax guidelines.

1. House Rent Allowance (HRA)

Your HRA will be ₹5,914/- per month. While restructuring your BoB amount to various components, it is mandatory that at least 5% of monthly basic pay be allocated towards HRA.

2. Leave Travel Allowance

You will be eligible for annual Leave Travel Allowance which is equivalent to one month's basic salary or a pro-rata amount in case you join during the financial year. This will be disbursed on a monthly basis along with the monthly salary. To avail income tax benefits, you need to apply for a minimum of three days of leave and submit supporting travel documents.

3. Food Card

You will be eligible for a Food Card. It can be used to purchase food items at all domestic VISA enabled restaurants and fast food restaurants including TCS cafeterias. As per the Pre-Defined structure you will be eligible for a Food Card with an amount of ₹500/- being credited to this card per month. However you may want to re-distribute the BoB amount between the components as per your tax plan, once you join TCSL.

PERFORMANCE PAY

Monthly Performance Pay

You will receive a monthly performance pay of ₹1,700/-. The same will be reviewed on completion of your first Anniversary with the company and will undergo a change basis your own ongoing individual performance.

Quarterly Variable Allowance

Your variable allowance will be ₹600/- per month, and will be paid at the closure of each quarter based on the performance of the company and your unit and to the extent of your allocation to the business unit.

Quarterly Variable Allowance is subject to review on your first anniversary and may undergo a change based on the actual performance of the Company, your business unit and your own ongoing individual performance. The payment is subject to your being active on the company rolls on the date of announcement of Quarterly Variable Allowance.

This Pay/Allowance shall be treated as productivity bonus in lieu of statutory profit bonus.

Performance Pay will be effective upon successful completion of the TCS Xplore Programme.

CITY ALLOWANCE

You will be eligible for a City Allowance of ₹200/- per month. This is specific to India and is linked to your base branch. In the event of a change in your base branch this amount may undergo a change. It will stand to be discontinued while on international assignments. This allowance is fully taxable and subject to review.

XPLORE/ LEARNING INCENTIVES

You will be eligible for Readiness Incentive AND/ OR Competency Incentive, basis your performance in TCS Xplore Program. The incentives gives you an additional earning potential of upto Rs.60,000 over and above your CTC during the first year.

OTHER BENEFITS

Health Insurance Scheme

TCSL brings the benefit of health insurance cover to you and your dependants under the company's Health Insurance Scheme(HIS).

HIS offers the following benefits:

Letter of Intent ("LOI")

Dear Muthu Vignesh,

With reference to your interview conducted by us, we are pleased to inform that you have been shortlisted for the position of **Analyst and A4** with **Capgemini Technology Services India Limited** (hereinafter referred to as "Capgemini").

In this regard, we are proposing compensation package and benefits, the details of which are set forth in **Annexure 1** to this letter.

The final Employment Offer Letter shall be subject to your successful completion of all curricular requirements as laid down by the University/ Institute for award of the degree/ diploma and the minimum passing percentage/ grade/ rank/ class as determined by Capgemini.

The location of your initial reporting and training and the date of your joining would be communicated to you in due course of time post successful completion of your pre-joining trainings and final semester degree/ diploma examination.

The date of joining and the location of posting will be purely based on business requirements of Capgemini. Capgemini solely reserves the right to make any changes to the date of joining and the location of posting during the course of your training and employment with Capgemini.

Upon accepting this LOI, you will be provided access to the ADAPT (Accelerated Digital Aid for Pre-onboarding Talent) eLearning platform which allows you to learn and master the concepts and skills required to be industry ready. The learning will be a self-paced journey inclusive of assignments, assessments and webinars as deemed appropriate by Capgemini and the successful completion of the same is a prerequisite for joining Capgemini.

It is very essential that you effectively leverage this platform to complete the courses and clear the assignments and assessments. The progress made by you in this learning journey would not only help you in getting on-boarded on priority but also help you to be trained for advanced skills relevant to your career at Capgemini. We also encourage you to learn beyond the prescribed course curriculum and acquire industry recognized certifications to accelerate your career in this competitive industry.
