### Inauguration of NPR IAS Academy Chief Guest Profile

Dr. A. Kaliyamurthy has rendered incredible service in the Tamil Nadu Police Services for over 35 years in different roles and assignments at Trichy, Coimbatore & Chennai. Dr. A. Kaliyamurthy, who hails from Budalur, Thanjavur District, had his humble beginnings in a farmer's family. His mother's name is Smt. Kamu and his father's name is Sri. Ayyavu. He rose to the level of Superintendent of Police in the Department, just due to his sheer dedication, selfless service and hard work.

In the All India Police Duty Meet (AIPDM) and shooting competitions held at Nasik (1980), Lucknow (1982), Kashmir (1985) Mr. Kaliyamurthy represented Tamil Nadu and won hat-trick Gold Medals. Thus, bringing laurels and honours to the state of Tamil Nadu. 150 Good Service Entries and 37 Meritorious Service Entries in the records of the police department stand testimony to his sincerity and conviction. In 2001, Dr. A. Kaliyamurthy due to his concerted efforts arrested two culprits risking his own life and was awarded the Gallantry Medal by the then Hon'ble Chief Minister, Tamil Nadu.

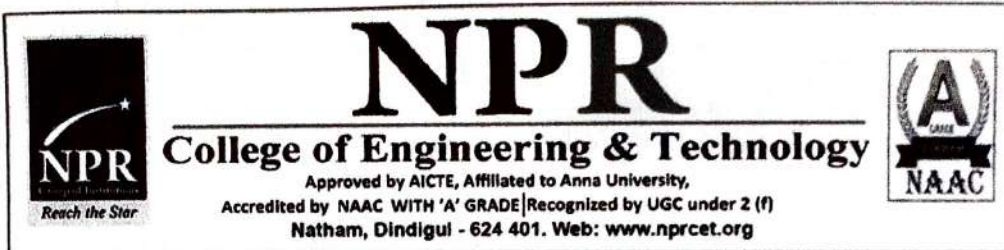

In 2008, Our Hon'ble President A.P.J. Abdul Kalam, bestowed on him the President's award for meritorious service.

The only officer in the rank of a District Superintendent of Police to receive a 'Ceremonial Parade'. On his retirement, all Police officials, State Ministers along with Dignitaries present, appreciated the excellent work rendered by Dr. A. Kaliyamurthy. This felicitation function held at Anna Stadium, was attended by thousands of his admirers where he was lauded for his sincere and untiring efforts. Maybe, a rare officer, whose uniform size remained the same from the day he adorned it till the date of his superannuation. 'A fitness freak' this police officer sure maintains his service routine till date. 'A Role Model Indeed', to the entire police fraternity and to the public, then, now and always.

Moreover, our Tamil Nadu Educational Department has honoured him who is the higher authority of Tamil Nadu Police Department, by placing one of his speeches in our school curriculums. Especially, his inspiring speech about the importance of education placed in 11<sup>th</sup> standard general Tamil New Syllabus.

His energetic speeches are day by day getting viral in the Social Media such as Facebook YouTube, Whatsapp, Television, Radio etc. Still he is continuing his oratory skill in the foreign countries., Malaysia, Singapore, Saudi Arabia, Kuwait, Canada, USA and Mauritius and so on.

### HR CONNECT & MoU SIGNING CEREMONY

#### SUMMARY REPORT

Civil Engineering department of NPR College of Engineering & Technology (NPRCET), Natham organized a 'HR connect and MoU signing' programme on 21.09.2022 in the Rear block 1<sup>st</sup> floor seminar Hall. 43 students of II, III and IV year Civil Engineering attended the programme.

The inauguration of the HR connect programme was started, followed by the prayer song, at 11.00 a.m. by the Chief guest and resource person Er.R.Sudeesh, Proprietor, R3S Construction and Builders along with the Principal of NPRCET Dr. J. Sundararajan and Head of the Department of Civil Engineering Dr.A.Hemalatha.

Mr.M.SanjayYugendraof II year civilengineering student welcomed the gathering. Dr. J. Sundararajan, Principal felicitated the programme. During his address, he suggested the students to improve their technical as well as interpersonal skills for getting employed in leading engineering industries and further for their survival during their career.

After Principal's address, Mr.J.S.Pranaveshwarof III year Civil engineering introduced the chief guest. Later, Chief guest Er.R.Sudeesh was honored by A.R.Nitheeshkumar IV Year civil engineering. After that Memorandum of understanding signed between R3S Construction and our college. The chief guest was welcomed for his special address, he explained about challenges in construction of thermal power plant and also he explained the actual industrial processes and the importance of technical knowledge to work in the industries. He insisted the students to have clear idea of atleast the basic technical knowledge in all the core subjects unless otherwise it would not be possible to continue the job further in the work place. He told what students study during the technical education has a close connection with the field and after getting into the job, they have to update their knowledge and skills according to the prevailing technology in the specific industrial environment. He insisted that lifelong learning alone pave way for a better future in the engineering field. Moreover, he emphasized the students to improve their communication skills and elaborated about the present skill requirements expected from students in various industries. After that, he interacted with the final year students about their design project in this semester and clarified their doubts. At the end of the session, the students gave a positive feedback about the programme and admired the presentation of the chief guest.

Finally, Mr.S.P.Kishore of final year civil engineering delivered the vote of thanks. The programme came to an end with National Anthem.

Students were more attentive. Took interest in learning new things.  
I request management to send students to short, mini project and major project in the same line of his interest to get better exposure in their respective area.  
Overall ambience is very good. I am impressed by seeing all students using open air stadium for lunch. Very good.  
Good Effort taken by principal, HOD and other staffs.

**PROFILE OF THE TRAINERS**

**1. Mr. S. Kalidas, Senior Trainer, Verbal & Soft skills:**

With a MBA, he is a part of our core team with hands on experience & expertise in facilitating high impact training sessions on soft skills. Trained participants across the spectrum of learning and growth such as school students, college students and corporate people. Dynamic professional experience in the field of training and development teams in Corporate, in Leadership roles, in Corporate in-house, outbound training in soft skills and in Verbal domains. Has been in the training field for about **7 years**.

**2. Mr. M. Sabari, Trainer, Technical:**

Mr. M. Sabari has about 8 years of training experience involving C, C++, Basic Java, J2EE & SQL. Worked in corporate before joining us as the senior Technical Trainer of our team. He has the ability to even make the uninvolved students, understand and thereby make them participate & answer in his sessions. Well organized in his approach of training the students in technical skills, he in fact can teach in a such a way that students had voted him as their favorite trainer.

**3. Mrs. R. Baby, Trainer, Technical:**

Mrs. R. Baby is such a trainer who directly involves the students in the hands-on-training approach. Her method of training is learning by practice. Just trains the students in Basic Technical skills, she directly puts them into practical sessions so that they will get doubts and makes them to participate in her training sessions. Once their doubts are clarified, the students will themselves feel confident and thereby get himself involved in her classes. She is in the field for the last 6 years.

#### **4. Mr. P. Kathir, Trainer, Verbal & Soft skills:**

Kathir is a competent training professional having lots of experience supporting Verbal, Soft skills and assessments using our modern techniques. With a versatile background having worked in various schools, colleges and corporate sector, he is in this field for about 8 years. He trains students on Communication skills, SWOT Analysis, Resume writing, Grooming, Body Language, Confidence building, Interview FAQ's, Mock Interviews, Group Discussions, Verbal ability & Time management among others. He also imbibes very good values to every student as he thinks ethics should be a very part of every student.

#### **5. Ms. L. Mohana, Trainer, Quants & Reasoning:**

Mohana is an Engineer by profession. With over 3+ years of training experience in training students for Quants & Reasoning, she joined our team and brought a new dimension to our team. She is a time-bound trainer who makes the students solve sums in a time bound fashion, thereby making them stick to the stipulated time limit given for each sum. She does this by using shortcuts in solving each sum. Is the training field for about **3+ years**.

#### **6. Mr. K. Jagadeesh, Trainer, Quants & Reasoning:**

Jack as our team calls him is one of the very few trainers who has the skill set of training the students not only on Quants & Reasoning, but also for various competitive exams. Has worked with various training organizations before becoming a part of our team. Having specialized in certain aptitude chapters, handles them in a way in which he is second to none. Helps the students to understand how to clear the aptitude tests easily by using various untold techniques. Is in the training field for about **4 years**.

### **SUMMARY OF THE PLACEMENT TRAINING PROGRAMME**

NPR College of Engineering & Technology, Department of Science & Humanities arranged the placement training programme, a unique fusion of specially engineered academic activities, to nurture, mould and fortify engineering entrants for the days to come. Placement training programme for the first-year students of 2022 -2026 commenced with an intention of enriching the knowledge of students, to guide them in a right path and to make them aware of the better scope in the field of Speed-Mathematics, Communication, Technical and Presentation & Soft Skills Domain. In total, 329 entrants from Civil, Mechanical, Computer Science, Artificial Intelligence, Information Technology, Electrical and Electronics and Electronics and Communication branches of Engineering participated enthusiastically and obtained benefit from the programme. They were provided the cursory view of various dimensions of Quant's & Reasoning, Verbal & Soft-Skills, SWOT analysis, Resume writing, Grooming, Body language, Confidence building, Interview FAQ's, Mock interviews, Group discussion, Speed-Mathematics, Communication, Technical, Presentation & Soft skills domain. They were enlightened about the prospective scope of the arena that they had opted for their success.

The College committee for placement training programme invited the expert Mr. S. Kalidas, Senior Trainer, APT Training Resources Chennai Private Limited, GST Road, Pallavaram, Chennai - 600 043, to interact with the entrants and brief the learners with their expertise in various fields of Speed-Mathematics, Communication, Technical, Presentation & Soft skills domain. On 13.02.2023 entrants were directed to assemble in the NPRGI Indoor Auditorium at 09.30 a.m. where Mr. S. Kalidas in the presence of Heads of the departments inaugurated the placement training programme.

### Profile of our trainers who handled the training for your students

#### 1. Kallidas, Senior Trainer, Verbal & Soft skills:

With a MBA, he is a part of our core team with hands on experience & expertise in facilitating high impact training sessions on Soft skills. Trained participants across the spectrum of learning and growth such as school students, college students and corporate people. Dynamic professional experience in the field of training and development teams in Corporate, in Leadership roles, in Corporate in-house, outbound training in Soft skills and in Verbal domains. Has been in the training field for about 7 years.

#### 2. Sabari, Trainer, Technical:

Gautham has about 8 years of training experience involving C, C++, Basic Java, J2EE & SQL. Worked in corporates before joining us as the senior Technical Trainer of our team. He has the ability to even make the uninvolved students, understand and thereby make them participate & answer in his sessions. Well organized in his approach of training the students in Technical skills, he in fact can teach in a such a way that students had voted him as their favourite trainer.

#### 3. Baby, Trainer, Technical:

Apama is such a trainer who directly involves the students in the hands-on training approach. Her method of training is learning by practice. Just trains the students in Basic Technical skills, she directly puts them into practical sessions so that they will get doubts and makes them to participate in her training sessions. Once their doubts are clarified, the students will themselves feel confident and thereby get himself involved in her classes. She is in the field for the last 6 years.

Profile of our trainers who handled the training for your students

#### 1. Kafidas, Senior Trainer, Verbal & Soft skills:

With a MBA, he is a part of our core team with hands on experience & expertise in facilitating high impact training sessions on Soft skills. Trained participants across the spectrum of learning and growth such as school students, college students and corporate people. Dynamic professional experience in the field of training and development teams in Corporate, in Leadership roles, in Corporate in-house, outbound training in Soft skills and in Verbal domains. Has been in the training field for about 7 years.

#### 2. Sabari, Trainer, Technical:

Gautham has about 8 years of training experience involving C, C++, Basic Java, J2EE & SQL. Worked in corporates before joining us as the senior Technical Trainer of our team. He has the ability to even make the uninvolved students, understand and thereby make them participate & answer in his sessions. Well organized in his approach of training the students in Technical skills, he infact can teach in a such a way that students had voted him as their favourite trainer.

#### 3. Baby, Trainer, Technical:

Apama is such a trainer who directly involves the students in the hands-on-training approach. Her method of training is learning by practice. Just trains the students in Basic Technical skills, she directly puts them into practical sessions so that they will get doubts and makes them to participate in her training sessions. Once their doubts are clarified, the students will themselves feel confident and thereby get himself involved in her classes. She is in the field for the last 6 years.

### **Summary Report**

In the third year, dedicated significant time to enhancing proficiency in reasoning, C programming language, and interview techniques. This multidimensional approach aimed at strengthening both technical and soft skills crucial for academic and professional success.

#### **Reasoning Skills:**

The focus on reasoning skills involved tackling a variety of logical puzzles, critical thinking exercises, and analytical challenges. This cultivated ability to approach problems systematically, make informed decisions, and think strategically. Additionally, it contributed to improved problem-solving skills, a crucial asset in various academic and professional scenarios.

#### **C Language Proficiency:**

Engaging with the C programming language was a pivotal aspect of third-year learning journey. Through practical coding exercises and projects, deepened understanding of data structures, algorithms, and low-level programming concepts. This hands-on experience not only honed coding skills but also provided a solid foundation for more advanced programming languages and system-level understanding.

#### **Interview Techniques:**

A significant portion of the year was dedicated to refining interview techniques. This included mock interviews, self-assessment exercises, and studying common interview questions. The goal was to develop effective communication, presentation skills, and the ability to articulate technical concepts. This preparation significantly boosted confidence during actual interviews and positively impacted performance.

#### **Integration of Skills:**

The simultaneous focus on reasoning, C language, and interview techniques proved to be synergistic. The logical reasoning skills complemented problem-solving in C programming, while interview preparation enhanced ability to communicate technical concepts clearly. This integrated approach ensured a holistic development of skills essential for both academic assessments and future employment opportunities.

#### **Achievements:**

Successfully completed complex coding projects in C language, demonstrating proficiency in algorithm design and implementation.  
Achieved high scores in logical reasoning assessments, showcasing a strong analytical mindset.  
Successfully applied interview techniques in real-world scenarios, resulting in positive feedback and increased confidence.

### Future Goals:

The acquired skills in reasoning, C language, and interview techniques form a solid foundation for future academic and professional pursuits. Moving forward, I aim to further refine and expand these skills, embracing continuous learning to stay updated with evolving technologies and industry demands.

### Conclusion:

The third year was a transformative period where a deliberate focus on reasoning, C language, and interview techniques significantly enhanced technical and soft skills. This strategic approach equips me with a well-rounded skill set, positioning me for success in both academic endeavors and future professional challenges.

This one-page summary encapsulates the key elements of your experiences and achievements in reasoning, C language, and interview techniques during the third year. Adjustments can be made based on specific details and accomplishments in each area.
