Dr.K.Kanimozhi, Chairman, Board of Studies of the Faculty of Electrical and Electronics Engineering welcomed and introduced the BoS members for the first BoS meeting. She started the presentation with a brief introduction to the PEO, PO & PSO of Programme B.E Electrical and Electronics Engineering. She explained the highlights of the new curriculum to the members.

Based on the following suggestions given by the members, and the Chairman of BoS the suggestions are incorporated appropriately in the Curriculum and Syllabus of Semesters 1 & 2.

Suggestions given by Dr. V.Saravanan - University Nominee

- 1. It is suggested that six course outcomes covering 50 % of understand level and 50 % Apply level can be introduced for the courses in higher semesters.
- In second semester 23GE201 Basics of Civil and Mechanical Engineering, Unit 4 Internal Combustion Engines and Power plants shall be modified as Thermodynamics and Power Plants.
- 3. The course Indian Constitution may be added in the list of mandatory courses.
- Course arrangement in all semesters should be reordered as: Basic Science Courses, Engineering Science Courses followed by Professional Core Courses.

Suggestions given by Dr. P.Raja - Subject Expert

- 1. In first semester 23GE101 Problem Solving and Python Programming may be modified as "Problem Solving and C Programming"
- 2. In second semester 23MA201 Statistics and Numerical Methods may be modified as "Transforms and Numerical Methods" and in third semester 23MA301 Probability and Complex functions may be modified as "Probability and Statistics" in discussion with the department of Mathematics.
- 3. The distribution of credits per semester shall follow normal distribution.
- 4.In third semester 23EE301 Electromagnetic Theory may be modified as "Electromagnetic Field Theory"

- 5. In third semester 23CS305 Python and Data Structures is suggested as Blended course.
- 6.In third semester 23EE303 Electron Devices and Circuits is to be offered as separate Theory and Laboratory course.
- 23EE503 Power System protection in fifth semester and 23EE601 Embedded Systems and IOTin sixth semester shall be swapped.
- 8. In seventh semester 23EE701 High Voltage Engineering is to be added in Professional Elective list Electric Power Utilization shall be offered as core course in place of High Voltage Engineering.
- 9. The course in the verticals should be ordered according to prerequisites.

Suggestions given by Mr. Pon Kumar - Industrial Expert

- 1. He suggested to introduce Industrial Emerging Topics in Automation.
- 2. Students should be motivated to attend more workshops/seminars to enhance their abilities.

Suggestions given by Mr. Natryan Subramani, Alumni

1. It is suggested to reduce number of Professional Elective courses and increase number of Professional core courses.

Finally, the meeting ended with a vote of thanks by Mr.R.Muthukumar, Assistant Professor,

Department of EEE. The chairman thanked all the members for their suggestions and substantial inputs.
