Respected sir,

Sub: Requesting Permission to conduct Career Guidance Programme - Reg.

We planned to conduct Career Guidance Programme on 'How to Prepare for Competitive Examinations?' by Mr.P.Venkatachalam, B.Tech., Managing Director, National Institute, Madurai on 27.07.2023 at NPRGI Indoor Auditorium for IV year of all Engineering Departments and II year MBA students. Kindly permit us to conduct this programme.

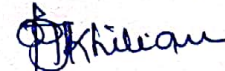

Thanking you,

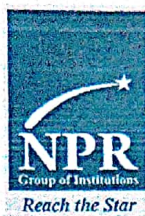

Station: Natham

Date: 20.07.2023

Yours faithfully,

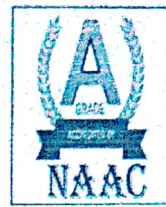

[P.T.J.K. LILIAN]

Career Guidance Programme on 'How to Prepare for Competitive Examinations?'

Chief Guest Profile

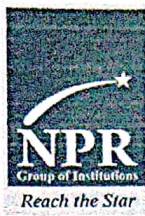

Mr.P.Venkatachalam B.Tech., (Chemical Engineering) is a qualified engineer, a host in himself running this National Institute of Banking is successfully in Madurai, Tamil Nadu as the maid of honour to the job seekers. He has been trained at All India Civil Service Exam Coaching Centre in Chennai from 2001 to 2003.

During the year 2004 he worked as a part time trainer of a Training Centre at Perambalur which is run by the District Govt. Employment Office of the city. After that, he worked as a faculty in a Private Training Centre in Nagercovil during the years 2004 and 2005.

An account of these vast experiences he started this institute on 27th June, 2005 in Madurai for the job seeking youths. His greatest strength lies on his out and out involvement of his hard work and makes himself as a back bone of the students. His main focus is motivating the students to hunt up the knowledge from the various fields to reach their success from their losing game for that he has scheme of colours and so he is a well-recognized figure in this field in and around to the southern districts of Tamil Nadu. Each student is special to him and he personally builds a unique rapport with each and every one of them and so he can plough off their mental distress and tears them up by roots.

His first and foremost responsibility is towards the students until the success comes to their hands by working his valuable imparting with latest methods and feeds them properly which add zest to the students for their learning. Over and above, the young and energetic engineer with a heart of gold would knowledge flow like a transparent stream that helps the students to accomplish their knowledge in their subject and packs off the feelings of hard nut to crack from their subject.

Career Guidance Programme on 'How to Prepare for Competitive Examinations?' Summary

Resource Person : Mr.P.Venkatachalam, B.Tech., Managing Director,
National Institute, Madurai

Venue : NPRGI Indoor Auditorium

No. of Participants : 269

NPR College of Engineering & Technology conducted a Career Guidance Programme on 'How to Prepare for Competitive Examinations?' for IV year of all Engineering Departments and II year MBA students at NPRGI Indoor Auditorium on 27.07.2023.

Mr. N.Sivabalan of IV Year Mechanical delivered the welcome address.

Ms. T.Natchatra of II Year MBA introduced the Chief Guest.

The programme was felicitated by Principal Dr.J.Sundararajan. During his speech, he explained the importance of this programme. He also encouraged the students to prepare themselves for placement.

Mr. P.Venkatachalam, B.Tech., Managing Director, National Institute, Madurai in his speech elaborated the various opportunities available in Engineering field by attending competitive exams like UPSC, SSC, Railway, Banking. He insisted the students to prepare well for competitive exams from first year onwards. He told the students to concentrate on basic subjects.

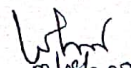

He interacted with the students and clarified their doubts. Finally the students gave a valuable feedback of this programme.

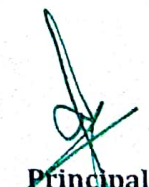

Ms. C.Harini of IV Year ECE delivered the vote of thanks

The programme was completed with the National Anthem.

Motivational Programme on 'Building the Future: Engineering Your Success'

Profile of Chief Guest

A gold medalist from Anna University forays into education and later becoming one of the most sought after person in this sector. Over 18 years, he has given over 7000 programmes in prestigious schools, colleges and universities across the globe. He has also been invited into many leading organisations for career guidance programmes. Till date, he has counselled more than 1.5 million students face to face. His key domains are Career Guidance and Placement training sessions, seminars on upcoming technologies and detailed analysis of board and entrance examinations.

In addition to the above, Mr. J.P.Gandhi is the key person and reason for introducing much life changing education reforms like streamlining of medical admissions, entrance exams for professional courses, advice to the higher education department both in the state and national levels. Owing to which, he has been continuously featured across leading media channels such as T.V, Radio and Print for his inputs. As he is the only person to do a complete data analysis of various examinations, question papers and admission processes; millions of students have been benefitted and have taken life altering career decisions.

Keeping this in mind, Mr. J.P Gandhi has introduced India is first on demand career guidance mobile application called as Career Guidance JP Gandhi in Google playstore. It is the number one app in career guidance. He is also the director of Lotus Matriculation School and the correspondent of OotyMcgan School of Architecture. Finally, he has been bestowed on many awards such as the prestigious Independence day award from Government of Tamilnadu, Kamal Partra award from Jaycees, Vocational Excellence award from Rotary Club, Pinnacle Of Education award etc.

Motivational Programme on 'Building the Future: Engineering Your Success' Summary

Resource Person : Mr. JayaPrakash Gandhi, Career Consultant & Analyst

Venue : NPRGI Auditorium

No. of Participants : 219

NPR College of Engineering & Technology conducted the Motivational Programme on 'Building the Future: Engineering Your Success' for all department III year students at NPRGI Auditorium on 24.01.2024.

Mr. R.Keerthi Haran, III Year CSE delivered the welcome address.

Ms. B.Dharshini, III Year ECE introduced the Chief Guest.

The programme was felicitated by Principal Dr.B.Maruthu Kannan. During his speech, he explained the purpose of this programme. He motivated the students to make themselves to face any kind of situation in this modern world. He also elaborated the problems faced by the students.

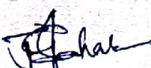

The Chief Guest Mr.JayaPrakash Gandhi, Career Consultant & Analyst during his speech motivated the students to aim bigger to shine in engineering field. For that, the students have to focus not only on their curriculum but also improve their practical knowledge for the industrial expectation.

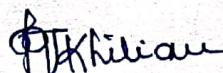

He encouraged the students to solve industrial problems and create solution for the problems faced by the people. Finally, the students interacted with the Chief Guest and they gave valuable feedback.

Ms. S.Laara Dolly, III Year EEE delivered the vote of thanks.

The programme came to an end with the National Anthem.

Coaching for Competitive Exams

Summary

NPR College of Engineering & Technology conducted Coaching classes for Competitive Exams for the students from 29th July 2023 who got shortlisted in Screening Test.

The resource persons from National Institute, Madurai handled the classes. They covered the following areas in the specified period:

In the first week, they trained the students for Essay writing in various topics

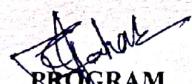

During the second week, they handled General Studies I: Indian Heritage and Culture, History and Geography of the World and the Society.

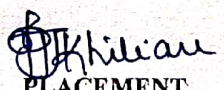

After two weeks, they handled aptitude classes. The students solved more exercises in different topics.

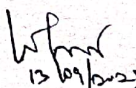

In the fourth week, the trainers covered Indian Polity and Emerging Political Trends across the world affecting India, Role and Impact of Science and Technology in the Development of India, Tamil Society – Its Culture and Heritage

Finally, they handled General Geography and Geography of India with special reference to Tamil Nadu, Environment, Bio Diversity & Disaster Management, Indian Economy – Current economic trends and impact of global economy on India.

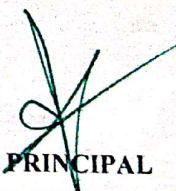

The students asked their doubts and clarified with the trainers. The trainer gave their effort and motivated the students to attend the competitive exam without any fear.

Training and Placement Cell

Test Link

Greetings from NPR Training & Placement Cell & TERV,

Assessment Link: <https://tinyurl.com/TEST-1stYR>

Assessment details:

1. Assessment consists of 60 MCQ's.
2. The duration of the assessment is 60 mins.

Assessment Timings: Nov,18 07:00 PM - 09:00 PM

Steps to attend Assessment:

Step 1: Visit the URL, <https://tinyurl.com/TEST-1stYR> and refresh the page once login with your TERV credentials. If you are not a registered user, click on Continue and sign up with your mail ID and Click Next to take the test.

Step 2: Read the instructions and click the checkbox, then click start Assessment

Step 3: It's a Proctored test, So Configuration checks for Video, Audio and Browser will be tested.

Step 4: You can click Confirm to save each question (If it's not clicked confirm your selected answer will not be validated) and submit the test after completing the test.

Note: This Assessment is proctored and hence you will not be able to take it up using any mobile device.

Training and Placement Cell Summary Report

Name of the Program	: Soft Skill Training Program
Venue	: Class Room
Date	: 14.11.2023 to 18.11.2023
No of Participants	: 354

Objective

The first-year placement training focused on introducing students to the core skills required for successful campus placements. As first-year students, we were introduced to the basics of soft skills, technical skills, and the placement process. The primary aim was to create awareness and equip us with the foundational knowledge necessary for securing internships and placements in the future.

Training Overview

The objectives of the first-year placement training included:

- To introduce **soft skills** that are essential for effective communication and teamwork.
- To provide a basic understanding of **technical skills** relevant to our academic disciplines.
- To familiarize students with the **placement process**, including resume writing and mock interviews.
- To improve **time management, confidence, and self-presentation** skills for interviews.

Topics Covered

The first-year placement training covered a wide range of essential topics to help students build a strong foundation for future placements. In Numerical Reasoning (NR), students learned the basics of the Number System, Series, and Simplification, along with concepts like LCM & HCF, Percentage, and Simple Interest. They also explored Compound Interest, Profit & Loss, Speed and Distance, and Ratio and Proportion. Topics such as Trains, Boats & Streams, Time and Distance, Work, and Clocks & Calendars were also covered to enhance problem-solving skills.

In Verbal Reasoning (VR), students focused on improving their grammar and vocabulary through topics like Parts of Tenses, Subject-Verb Agreement, and Articles. They also worked on Antonyms & Synonyms, Idioms & Phrases, and exercises like Fill in the Blanks and

Training and Placement Cell Summary Report

Match the Columns. The Reading Comprehension section helped enhance analytical thinking and understanding of written material.

Additionally, Soft Skills (SS) training was a key component, where students learned about self-awareness and goal setting to build a clear direction for their personal and professional growth. They also addressed Barriers to Communication and practiced the Art of Introduction to improve their interpersonal communication skills. This comprehensive training equipped students with both technical and soft skills necessary for excelling in future placement opportunities.

Evaluation of Learning

The evaluation of learning in the first-year placement training focuses on assessing the students understanding, skill development, and readiness for campus placements. The process includes both formative and summative assessments to gauge progress and provide feedback for improvement.

1. Assessing Technical Skills: Students' proficiency in numerical reasoning (such as number systems, percentage, time and distance) and verbal reasoning (including grammar, vocabulary, and comprehension) is evaluated through practice tests and quizzes. These assessments help measure their problem-solving abilities, logical reasoning, and analytical skills.
2. Soft Skills Development: The training emphasizes the development of key soft skills such as communication, teamwork, and goal setting. Evaluations are conducted through activities like group discussions, presentations, and mock interviews to assess students' confidence, clarity of thought, and ability to interact effectively in professional settings.

Conclusion

The first-year placement training has provided students with a strong foundation in both technical and soft skills necessary for future placement opportunities. Through focused sessions on numerical reasoning, verbal reasoning, and essential soft skills like communication and goal-setting, students have developed the confidence and abilities required to excel in campus placements. The training has not only enhanced academic and problem-solving skills but also fostered personal growth and self-awareness, setting the stage for continued success in subsequent years. This comprehensive preparation ensures that students are well-equipped to face the challenges of future internships and job placements.

Training and Placement Cell

Test Link

Greetings from NPR Training & Placement Cell & TERV,

Assessment Link: <https://tinyurl.com/TEST-2nd-YR>

Assessment details:

1. Assessment consists of 60 MCQ's.
2. The duration of the assessment is 60 mins.

Assessment Timings: Sep 15th, 07:00 PM - 09:00 PM

Steps to attend Assessment:

Step 1: Visit the URL, <https://tinyurl.com/TEST-2nd-YR> and refresh the page once login with your TERV credentials. If you are not a registered user, click on Continue and sign up with your mail ID and Click Next to take the test.

Step 2: Read the instructions and click the checkbox, then click start Assessment

Step 3: It's a Proctored test, So Configuration checks for Video, Audio and Browser will be tested.

Step 4: You can click Confirm to save each question (If it's not clicked confirm your selected answer will not be validated) and submit the test after completing the test.

Note: This Assessment is proctored and hence you will not be able to take it up using any mobile device.

Training and Placement Cell Summary Report

Name of the Program	: Soft Skill and Technical Training Program
Venue	: Class Room
Date	: 04.09.2023 to 14.09.2023
No of Participants	: 357

Objective

Second-year placement training aimed at preparing students for future campus placements. The training focused on essential soft skills, such as communication, team collaboration, and problem-solving, while also introducing students to key technical skills relevant to their academic disciplines. Activities included mock interviews, group discussions, and practical sessions to familiarize students with the recruitment process. This report highlights the major activities conducted and the learning outcomes, preparing students for the challenges of the placement process in later years

Training Overview

The primary objectives of the placement training program were:

- To improve communication and interpersonal skills to enhance personal branding.
- To develop confidence in group discussions, interviews, and professional interactions.
- To strengthen technical skills through assessments and mock technical rounds.
- To familiarize students with industry expectations and the recruitment process.

Topics Covered in Mathematical Concepts

Mathematical concepts were covered to enhance quantitative aptitude skills for placement exams. Key topics included the Number System, where explored different types of numbers and their properties, such as divisibility rules. Divisibility rules for numbers like 2, 3, 5, and 9 were taught to help simplify arithmetic problems. Fractions were another major focus, covering operations like addition, subtraction, multiplication, and division, along with conversions between fractions and decimals. also, Arithmetic Progression (AP), Geometric Progression (GP), and Harmonic Progression (HP), learning their formulas and applications in real-world scenarios. Additionally, problems related to ages were practiced, where algebraic

Training and Placement Cell Summary Report

methods were used to solve age-related puzzles. The training also included an in-depth understanding of HCF (Highest Common Factor) and LCM (Least Common Multiple), teaching methods like prime factorization and division to solve problems involving the greatest and least divisors. The placement training focused on crucial business communication and professional skills. Topics included effective interaction, small talks, and presentation skills, aimed at improving communication and boosting confidence. Students were also trained in goal setting, both interpersonal and intrapersonal, to foster personal and professional growth. Non-verbal communication and decision-making skills were emphasized for better understanding and informed choices.

- **Enhanced Communication and Teamwork:** The soft skills workshops helped to improve both verbal and non-verbal communication, which students believe will be invaluable in group discussions and interviews.
- **Technical Proficiency:** The hands-on coding challenges and workshops boosted confidence in technical skills and prepared for the rigorous interview rounds of top companies.

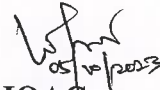

Conclusion

The second-year placement training has played a pivotal role in shaping the personal and professional growth of the students. The well-structured curriculum, encompassing technical training, soft skills workshops, mock interviews, and group discussions, has provided students with the essential tools to approach campus placements with confidence. As a result, students are now better prepared to enter the job market, equipped with a clear understanding of the skills and knowledge required to succeed in both interviews and internships.
